TEAM COMMISSIONS

NOTE: Commissions described in this table apply to the first 100 LPs of each person in your downline.

¹LP: The commissionable sale value assigned to each 4Life product.

²When a 6% commission is paid to a Diamond, an additional 6% commission is paid to the following Presidential Diamond or to the higher rank on the upline. This is called Infinite Payout and does not apply to the first order.

³PV = Principal Volume: the total amount of LPs related to products you bought either to use or resell to make a profit for retail sales, plus the products purchased by consumers through your My4Life account.

⁴Lines need to be independent and have at least one distributor on the indicated rank or a higher one. Distributors that qualify on those lines do not need to be on your frontline.

⁵In order to qualify you need at least three International Diamond lines, each of which with an Organizational Volume (OV) of at least 50,000.

⁶Before qualifying for the first time as Gold International Diamond, distributors need to qualify first as International Diamond with 150,000 OV at least once — i.e. qualifying as International Diamond, with 150,000 VO and three lines with 15,000 LPs each —.

⁷At least half of them need to be on the frontline. For the ranks of Associate and Builder, they all need to be on the frontline.

⁸There is no specific PV requirement for people enrolled by an Associate.
