

4Life Fortify™

Nutritional Meal Pack

What could a little girl accomplish with a rich, warm meal in her belly? What could she achieve and dream? What could she grow up to be?

In many parts of the world, children don't get the nourishment they need on a daily basis. So many mothers and fathers struggle to provide the life essential of food for their children—let alone, healthy food that will give kids the vitamins and minerals they need to grow up strong. This problem is especially true of children living in orphanages. So often, there just simply isn't enough food, and kids struggle to function with a painful, empty feeling in their stomachs, often unable to concentrate in school.

Each 4Life Fortify meal pack provides 24 high-quality, child-size meals of rice, lentils, and beans, along with a complete nutritional complex of vitamins, minerals, and 4Life Transfer Factor™. It's the perfect foundation for overall wellness.

These packs are filled with the vitamins and minerals that growing kids so desperately need. Satisfied with a warm and nutrient-rich meal, a child will be able to focus on her daily chores and excelling in math, science, and geography, rather than the distraction of an empty feeling in her stomach.

Fortify a Kid or a Family

Each bag of 4Life Fortify purchased will be donated to children in need around the world with the help of our partner, Feed the Children, a third-party distribution company.
