# TOGETHER

## 2019 4Life European Convention

During the 4Life European Convention in Valencia, Spain, Together 2019, which was held on February 14, 15 and 16, 4Life donated **21,114 euros** to SOS Children's Villages in Spain, which was distributed as follows:

### VALENCIA DAY CENTRE

- A video camera for use in two types of activities: with the children and with families
- Two tables and a cupboard, as part of the renovation of the Day Centre.
- A washing machine for the families' laundry needs.

### ZARAGOZA VILLAGE

4Life assigned 5,230 euros to pay for children's holidays at the Zaragoza Village. Thanks to this donation, the children were able to have a summer holiday by the beach at Roda de Bará (Tarragona), enjoying relaxing moments with their friends, siblings and social care workers.

### "RÍO DE GUADARRAMA" DAY CENTRE, MADRID.

- Equipment for the Professional Cookery Workshop at the Villalba Youth Programme in Madrid. This Cookery Programme aims to offer a professional training educational opportunity for young people who have dropped out of the educational system, enabling them to gain access into the labour market.
- Sound system and acoustics arrangements at the "Rio de Guadarrama" Day Centre, Madrid.
- Painting of the interior of the "Abantos" Day Centre, Madrid. This centre receives many people daily and it is therefore important to keep it in good condition.

# MASTER BUILDER TRIP

## Mallorca 2019

The Master Builder Trip was held in Mallorca from July 18 to 21. Foundation 4Life held an activity called: Solidarity Puzzle, raising **2,370 euros**, which were invested as follows:

### MALLORCA DAY CENTRE

The Mallorca Day Centre provides vital academic support. This is because many of these children and young people receive no help with their homework or with understanding their classes outside the Centre.

During the course of providing this support, the Centre noticed that attending children and young people show a significant lack of computer knowledge in comparison with other children and young people their age, and have no way of obtaining this knowledge.

The Mallorca Day Centre therefore decided to invest in promoting the correct use of this tool, which is so necessary in today's world.

This donation was particularly useful, considering the fact that these children do not have computers, tablets and other IT devices at home. Therefore, investing in this area allows them to use their time at the Centre to learn how to use these devices responsibly and for educational purposes.

# PROJECT SOS CHILDREN'S VILLAGES

## Turin (Italy), 2019

SOS Children's Villages has launched an innovative project to provide residential foster care to mothers and children.

This initiative is a family foster-care project aimed at single mothers with children and single underage girls. Beneficiaries are mainly Nigerians or in any case Africans, and in general mothers with children facing serious distress.

To date, the project has provided care to 35 beneficiaries in total.

**WITH 4LIFE SUPPORT  
IN 2019 IT WAS  
POSSIBLE TO...**

A new center for women and children was founded and refurbished in 2018.

4Life contributed to this center with the purchase of new beds, mattresses and sheets to complete the interior decoration of children's bedrooms.

## **SOS CHILDREN'S VILLAGES, CATALONIA**

2019 has been a very special year at 4Life. Its European headquarters were renovated in order to adapt to new business trends and dynamics.

Furniture, round tables, desks, sofas and filing cabinets in perfect condition were donated to the community of the SOS Children's Village in Catalonia.

# SOLIDARITY ACTIONS

## Europe 2019

Children indeed are the future. It is a privilege for 4Life to do everything in its power to provide the best possible foundation for them through education, nutrition and a safe and loving home. In this way, we will contribute so that children may create a truly extraordinary life of their own.
