- No time for a healthy breakfast?

Proteins are essential nutrients for the proper functioning of our body. They are the main component of our muscles but also have other important functions, for example, in our immune system.

WHAT Pro-TF VANILLA OFFERS

- The protein sources —i.e. whey and egg white protein— of Pro-TF provide a good balance of essential amino acids and 2.3 g of branchedchain amino acids (BCAAs) —i.e. isoleucine, leucine, and valine—.
- Hydrolyzed proteins are high absorption proteins, which are easy to digest.
- The low fat and sugar content of this product makes it compatible with diets for athletes and for weight control.

INGREDIENTS:

Whey protein (**milk**, **soy**), maltodextrin, **egg** white protein, natural vanillacream flavor, thickener (guar gum), medium chain triglycerides, colostrum (**milk**), **egg** yolk powder, sodium chloride, sweeteners (sucralose, acesulfame K).

Warnings: Do not exceed the recommended daily dose. Food supplements should not be used as a substitute for a varied and balanced diet or a healthy lifestyle. KEEP OUT OF REACH OF CHILDREN. Store in a cool dry place.
