

Food supplement with ingredients for the **cardiovascular system**.

Vitamins that contribute to red blood cells formation¹

Blood vessels function²

Vitamins that contribute to iron metabolism and transport³

Oxidative stress⁴

Fatty acids metabolism⁵

Homocysteine metabolism⁶

Vitamins and minerals that reinforce the immune system⁷

4LIFE TRANSFER FACTOR™ **BCV™**

- (1) Vitamin C contributes to the normal formation of collagen for the proper function of blood vessels.
- (2) Vitamin B6, and vitamin B12 favor the normal formation of red blood cells.
- (3) Vitamin C contributes to iron absorption. Vitamin A contributes to the normal metabolism of iron.
- (4) Selenium, zinc and vitamin E help to protect cells against oxidative stress.
- (5) Zinc contributes to fatty acids metabolism
- (6) Vitamin B6, B9 (folic acid), and vitamin B12 facilitate homocysteine metabolism.
- (7) Copper, selenium, zinc, folic acid, and vitamins A, B6, B12, and C are beneficial to the normal function of the immune system.

CARDIOVASCULAR HEALTH

4LIFE TRANSFER FACTOR™ BCV™

What does BCV provide us?

- **Vitamin C** contributes to iron absorption and to the normal formation of collagen for the proper function of blood vessels*.
- **Vitamin B6**, and **vitamin B12** favor the normal formation of red blood cells.
- **Vitamin A** contributes to the normal metabolism of iron.
- **Copper** fosters the normal transport of iron.
- **Vitamin B6, B9 (folic acid)**, and **vitamin B12** facilitate homocysteine metabolism**.
- **Selenium, zinc** and **vitamin E** help to protect cells against oxidative stress***.
- **Zinc** contributes to the normal metabolism of fatty acids.
- **Copper, selenium, zinc, folic acid**, and **vitamins A, B6, B12 and C** are beneficial to the normal function of the immune system.

IN ADDITION, BCV CONTAINS NATURE'S BENEFITS FROM PLANT EXTRACTS:

Garlic supports normal cholesterol levels and blood circulation in the legs.

Butcher's broom supports blood circulation and vascular health.

Ginger supports vascular health and immune health.

Hawthorn and Ginkgo biloba supports blood circulation and blood circulation in the legs.

Japanese knotweed has antioxidant properties (it contains resveratrol).

NET WEIGHT

DIRECTIONS

Take one (1) capsule daily with 8 oz (240 ml) of fluid.

NUTRITIONAL INFORMATION

Daily dose: one (1) capsule
Daily doses per container: 120

Amount per daily dose		% RI*
Vitamin C	50.5 mg	63.1%
Vitamin E	10 mg	83%
Niacin	5 mg	31%
Zinc	2.5 mg	25%
Vitamin B6	0.5 mg	35.7%
Copper	0.5 mg	50%
Vitamin A	185 µg	23%
Folic Acid	120 µg	60%
Selenium	12.5 µg	23%
Vitamin B12	1 µg	40%
Garlic	63.1 mg	-
Egg yolk	50 mg	-
Hawthorn	42.3 mg	-
Butcher's broom	17.5 mg	-
Ginkgo Biloba	8 mg	-
Ginger	6.3 mg	-
Coenzyme Q10	4 mg	-
Polygonum cuspidatum	2.5 mg	-

*RI: Reference intake

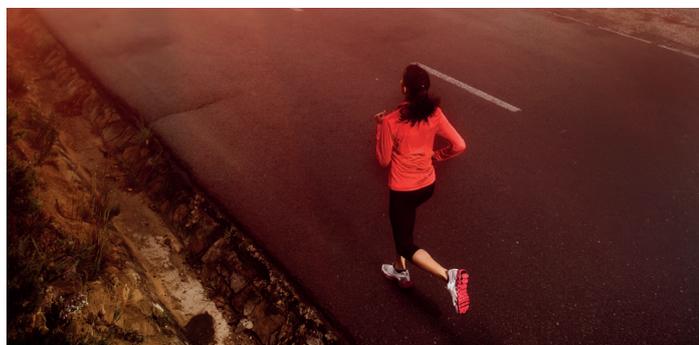

INGREDIENTS:

Magnesium L-lysinate, gelatine, ascorbic acid, garlic (*Allium sativum*), 4Life Transfer Factor™ (egg yolk), English hawthorn (*Crataegus laevigata* (Poir.) DC.), potassium citrate, d-alpha tocopheryl succinate, butcher's broom (*Ruscus aculeatus*), zinc gluconate, magnesium L-ascorbate, water, Ginkgo biloba L., beta-carotene, ginger (*Zingiber officinale* Roscoe), niacinamide, copper glycinate, coenzyme Q10, L-selenomethionine, Japanese knotweed (*Polygonum cuspidatum*), L-ascorbyl-6-palmitate, folic acid, pyridoxine hydrochloride, and cyanocobalamin..

* Red blood cells contain hemoglobin, a protein rich in iron.

** High homocysteine levels are associated with an increased risk of cardiovascular disease.

*** Oxidative stress —i.e. the excess of free radicals— is related to damaged arteries, inflammation, etc.

Warnings: **Consult your doctor if you simultaneously take anticoagulants.** Do not exceed the recommended daily dose. Food supplements should not be used as a substitute for a varied and balanced diet or a healthy lifestyle. **KEEP OUT OF REACH OF CHILDREN.** Store in a cool dry place.
