## DIGESTIVE WELLBEING

### DIGEST4LIFE™ FIBRESYSTEMPLUS™

- ▶ The digestive system is responsible for converting food into nutrients, ensuring they are absorbed and metabolised correctly and the waste appropriately eliminated.
- ▶ Large meals at home, at celebrations or work events often lead to slow digestion, wind or constipation.
- ▶ It is essential for our health that our digestive system functions correctly, allowing us to feel less bloated, lighter and more energetic.

#### What does Fibre System Plus provide?

- The Fibre System Plus cleansing programme has 27 ingredients that will help you to "fine tune" your digestive system.
- It contains ingredients from plants that aid healthy digestion and help maintain regularity.
