

Food supplement
with ingredients for a
healthy **respiratory system**.

Respiratory
wellbeing ¹

Mucolytic
effect ^{1;3}

Protects against
oxidative stress ^{4;5}

Maintenance of
mucous membranes ²

Throat
irritation ¹

Immune
system ^{6;7}

4Life Tri-Factor Formula ⁸

4LIFE TRANSFER FACTOR™ **LUNG**

(1) Thyme (*Thymus vulgaris* L.) promotes respiratory health and a functioning immune system, has antibacterial properties, favours mucus secretion in the upper respiratory tract and has a calming effect in the event of throat and pharynx irritation.

(2) Vitamin A helps maintain healthy mucous membranes.

(3) N-acetyl-L-cysteine has a mucolytic effect.

(4) Vitamin E helps protect cells against oxidative stress.

(5) Bilberry (*Vaccinium myrtillus*) help protect cells against oxidative stress.

(6) Vitamin C and vitamin A help promote the normal functioning of the immune system.

(7) Panax ginseng helps promote natural defences and the normal functioning of the immune system.

(8) Made from colostrum and egg yolk.

RESPIRATORY SYSTEM

4LIFE TRANSFER FACTOR™ LUNG

Why is our respiratory system important?

Our respiratory system is made up of different organs: the larynx, the pharynx, the bronchi and the lungs, and it has important vital functions:

Voice: Vocal cords, which emit sounds when they vibrate, are located in the larynx.

Protection: The respiratory system is lined with a mucous membrane that facilitates the filtration and expulsion of substances such as dust, pollen and smoke, amongst others.

Respiration (gas exchange): Oxygen (O₂) from the air is transported via the bloodstream to the cells while carbon dioxide (CO₂) produced in the cells is expelled into the air.

What does 4Life Transfer Factor Lung offer?

4Life Transfer Factor Lung contains ingredients that promote the wellbeing of the respiratory system.

- Thyme (*Thymus vulgaris* L.) promotes respiratory health and a functioning immune system, has antibacterial properties, favours mucus secretion in the upper respiratory tract and has a calming effect in the event of throat and pharynx irritation.
- N-acetyl-L-cysteine facilitates the elimination of bronchial secretions.
- Vitamin C, vitamin A and *Panax* ginseng help promote the normal functioning of the immune system.
- Vitamin A helps maintain healthy mucous membranes.
- Vitamin E, vitamin C and Bilberry (*Vaccinium myrtillus*) help protect cells against oxidative stress.

INGREDIENTS:

L-ascorbic acid, glazing agent (hydroxypropyl methylcellulose), thyme (*Thymus vulgaris*) leaf and flower extract, 4Life Tri-Factor Formula (made from colostrum (milk) and egg yolk), N-acetyl L-cysteine, broccoli (*Brassica oleracea*) seed extract, *Panax ginseng* root extract, black cumin (*Nigella sativa*) seed extract, citrus fruit bioflavonoid complex, d-alpha tocopheryl acetate, water, bilberry (*Vaccinium myrtillus*) fruit extract, mustard (*Sinapis alba*) seed powder, medium chain triglyceride oil, and beta carotene.

DIRECTIONS:

Take three (3) capsules daily with 240 ml of fluid, one capsule with each main meal.

NUTRITIONAL INFORMATION:

Daily dose: three (3) capsules

Daily doses per container: 30

Amount per serving		% NRV*
Vitamin A	500 mcg RAE	63%
Vitamin C	450 mg	562%
Vitamin E	15 mg	125%
Thyme leaf and flower extract	150 mg	-
Colostrum	69,9 mg	-
Egg yolk	30 mg	-
N-acetyl-L-cysteine	100 mg	-
Broccoli seed extract	100 mg	-
<i>Panax Ginseng</i> root extract	100 mg	-
Black cumin seed extract	80 mg	-
Citrus bioflavonoid complex	50,7 mg	-
Bilberry fruit extract	10 mg	-
Mustard seed powder	10 mg	-

*NRV: Nutritional reference values

Warnings: Do not give to children under the age of 3. Do not use if you have thyroid dysfunction. Not recommended for children, adolescents and pregnant or breastfeeding women. Food supplements should not be used as a substitute for a varied and balanced diet or a healthy lifestyle. Do not exceed the recommended serving size. KEEP OUT OF REACH OF CHILDREN. Store in a cool, dry place.
